

B.K INDUSTRIES

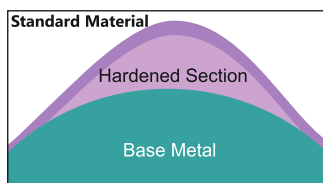

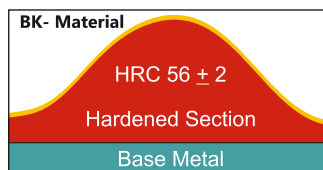

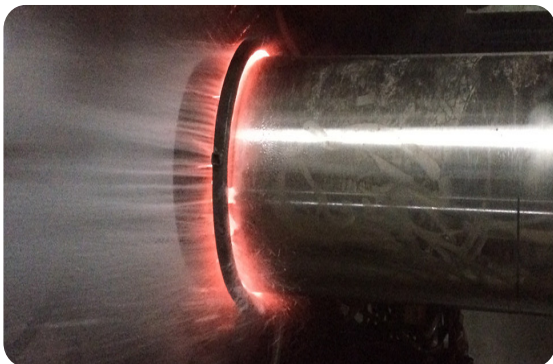

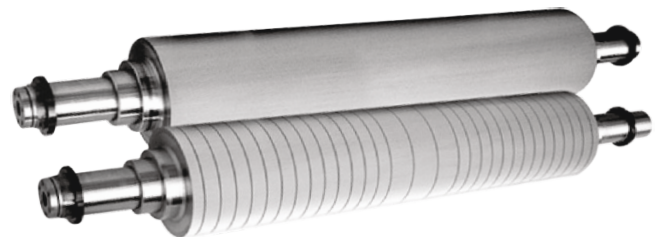

Manufacturer All Type of Single & Double Facers
Corrugated Rollers and Industrial Gears

• High Performance • Perfect Quality • Economical Price

BK - One stop Solution For :

- ❖ **High Precision Grounded Corrugated Flute Rollers** –
New as well as Reconditioning/Re Fluting of Old Rollers.
(Super Chrome Plated)
- ❖ **High Precision Grounded Pressure Rollers** -
New as well as Reconditioning/Re Fluting of Old Rollers.
(Super Chrome Plated)
- ❖ **High Precision Grounded Anilox Applicator Rollers & Doctor Rollers** -
New as well as Reconditioning/Re Fluting of Old Rollers.
(Super Chrome Plated)
- ❖ Change of Corrugated Flute Profiles From Existing to Desired

- ◆ Thick and hardened
- ◆ no crack, no break up of flutes
- ◆ maximized hardness of flutes

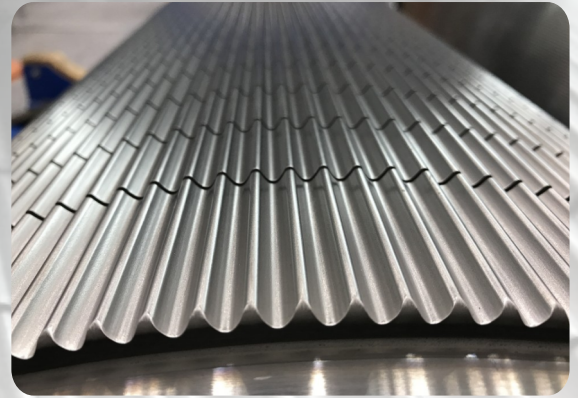

- ◆ Thin and uneven hardened layer.
- ◆ More likely to have cracks or broken teeth during operations.

Our Product is aimed to achieve high quality & high efficiency

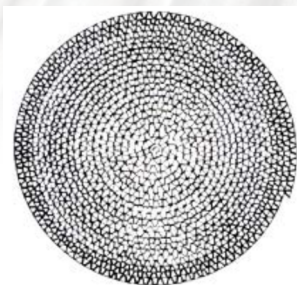

BK – Introduce Special Flute Profile UV – Shape

- UV Shape is most popular and applicable.
- UV Shape Corrugated Cardboard fusion V-Shape and U-Shape Structure the Advantages made, to make up for the lack of V-type shaped corrugated cardboard, the higher compressive strength, good elasticity.
- UV Shape is not only can reduce the consumption of glue and raw paper (Reduce Take Up Factor), but also can increase the universal mechanical properties of paperboard (e.g. ECT, FCT, Flexibility, Bending Stiffness, etc.)
- UV Flute shape reduce paper consumption by 10% to 12% as compared to UU Flute Shape and VV-Flute Shape.

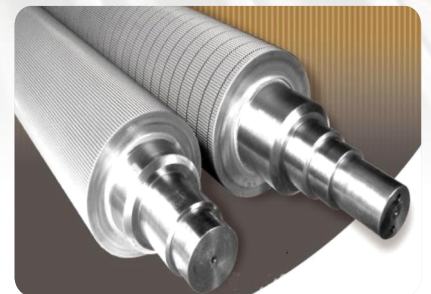

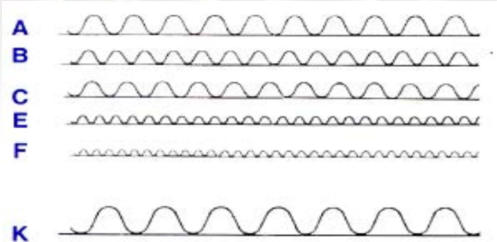

BK - Gives you UV-Flute Shape in New rollers and Existing Rollers (Re-Working) as the compared cost of UU Flute Shapes & VV Flute Shapes (New Rollers and Re-Working also)

Flute Profiles	D	K	A	C	B	E	F	G	O
Flute Height	2.0 mm	6.0 mm	4.6 mm	3.5 mm	2.5 mm	1.22 mm	0.75 mm	0.50 mm	0.30 mm

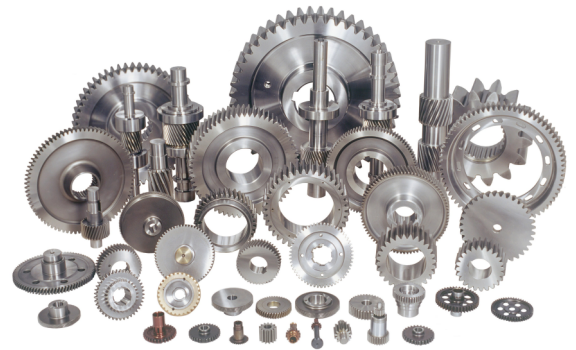

FLUTES

BK - Manufacturer all types of Industrial Gears

BK- We are engaged leading manufacturers in offering our client A all types successfully optimum quality wide range of Industrial Gears- Master Gears, SS Gear, CI - Casting forged Gear - Nylon Gear - PVC Plastic Gear, Double Helical Gears, Spur Gear, Pinion Gears, Bevel Gear, Worm Gear, Shaft, Sprocket Gear, Sprocket Chain, Gear Rack, CI - Casting forgot Gear Worm Shaft, Worm Gear Shaft, Shaft, Pinion Shaft, Spline Shaft, Spline Shaft Gearbox, Intermediate Gear, Teeth Gear, Nylon Gear, Nylon Gear, Gear Box and Existing Gears Repairing Etc.

BK- Spare Parts for All Types of Paper Corrugating Plants & Equipments
